The South Carolina Department of Alcohol and Other Drug Abuse Services (DAODAS) are billing codes combinations for Rehabilitative Behavioral Health Services. These services are rendered by SC Alcohol and Drug Abuse Commissions and are billed using frequency limits, procedure codes, and modifiers. Each service has its own maximum number of units billable per beneficiary per day.

If a Healthy Connections Medicaid member is enrolled with one of the state’s contracted MCO’s, DAODAS must receive prior approval and claim reimbursement directly from the member’s MCO for services covered under the managed care service package. Please refer to the managed care policy and procedure manual at [msp.scdhhs.gov/managedcare/site-page/mco-contract-pp](http://msp.scdhhs.gov/managedcare/site-page/mco-contract-pp) for additional information regarding substance abuse services.
